Ok. We'll touch base with OGC first, however, to be sure that we are sharing the correct message.

Thanks,

Kelly,

Good morning. I think your message is correct. I provided a similar message to the SFIREG leadership yesterday but they would like it to be stated during the meeting as well. Based on our discussion yesterday, the SFIREG leadership thought that EPA was proposing to revoke additional OP tolerances (I don't think they read the FRN) and they think the attendees might have similar concerns (particularly given what has happened to chlorpyrifos). Can you or Anna or Marianne give that message during the session? Thank you.

Tim

Hi all –

I think we'll need to say that EPA can't comment on the petition. I think that we could clarify that we are accepting comments on the petition through late September (which incorporates the 45-day extension that was granted). Beyond that, I am pretty certain that OGC will say that we can't comment on the petition or how it might affect the OPs. We can also say that we are proceeding with our work to complete PIDs and IDs on the OPs, following the public schedule that is on the OPP website. But I don't think we should say that the petition will or will not affect our work on the OPs. We should just stay silent since it is a pending legal issue.

If you all agree that's the correct message, should we share that information with the SFIREG organizers now, so that they don't put us on the spot during the session, looking for information?

Thanks Tim. The chlorpyrifos team has been preparing to cover the first portion of the session, specifically related to chlorpyrifos. Is there someone else covering the portion on the OP petition?

Hello. OPP met this afternoon with the SFIREG leadership to discuss the agenda for the meeting next month. Please see below for my notes. I also attached the draft agenda. A more detailed agenda will be coming soon. The organizers are planning for a MS Teams meeting invite to be sent to the virtual participants. Please let me know if you have any questions. Thank you.

Tim

The first sessions (starting at 9:30 am on Monday 9/19) are concurrent Pesticide Operations and Management (POM) Committee and Environmental Quality Issues (EQI) Committee sessions. Emily said the plan is to have two separate MS Teams meetings for these sessions. OPP does not have a speaking role in these session but we may want to listen in. All of the other sessions are joint sessions.

### **Monday, 9/19/22**

#### **POM Concurrent Session**

##### **10:30-11 am: Paraquat FAQs revisions**

Amy Brown, FL, Matthew Bucy, OR, and POM committee members

- Discussion of revisions needed and next steps

8/25 pre-meeting: EPA not expected to participate in the session. EPA can listen in.

#### **EQI Concurrent Session**

##### **9:35-9:55 am: Regulation of Treated Seeds:**

Hotze Wijnja, MA, and EQI committee members

- Discussion of follow-up items related to issue paper that was submitted to EPA

8/25 pre-meeting: EPA not expected to participate in the session. EPA can listen in. SFIREG leadership said that the treated seed white paper should be sent to EPA this week. The paper that was previously sent to EPA was a draft. Ed mentioned that the petition response is on-going and may not be completed before the meeting.

##### **9:55-10:15 am: Mosquito Control Mist Blower Use in Residential Settings**

Hotze Wijnja, MA, Dave Scott, IN

- Discuss response from EPA to white paper and consider follow up

8/25 pre-meeting: EPA not expected to participate in the session. EPA can listen in.

**10:30-11am: Atrazine: EPA's proposed additional mitigation measures**

Hotze Wijnja, MA, and EQI committee members

- Discussion of proposed measures and feedback from states

8/25 pre-meeting: EPA not expected to participate in the session. EPA can listen in.

**1-1:45 pm: Endangered Species Act (ESA): A closer look at the efforts of EPA and partners to improve the FIFRA/ESA Process**

Hotze Wijnja, MA, Amy Brown, FL, and EPA, the Services

- EPA to present on strategies and actions to improve the ESA-FIFRA work
- Pilot Projects implementation and progress

8/25 pre-meeting: There was a bit of discussion about the purpose of the session. Jan agreed that someone from EFED will provide an update on the pilot projects.

**1:45-3:15 pm: Endangered Species Act (ESA) and FIFRA/ESA process (continued)**

Hotze Wijnja, MA, Amy Brown, FL, and EPA, the Services, USDA

- National Marine Fisheries Service Perspective - (presenter TBD)
- U.S. Fish and Wildlife Service Perspective – (presenter TBD)
- USDA (presenter TBD)

8/25 pre-meeting: Other agency perspectives. EPA listening session.

**3:30-5pm: Implementation of ESA mitigation measures on Labels**

Hotze Wijnja, MA, Amy Brown, FL, Dave Scott, IN, Liza Fleeson Trossbach, VA and EPA, Others...

- Enforcement Challenges (Enlist labels and Atrazine)
- National Conservation Practice Standards (NRCS) information on labels
- Outreach and Education for Growers
- Label Improvement Project

8/25 pre-meeting: There was also a bit of discussion regarding this session. EPA will listen in and may be asked to respond to questions. Jan suggests Tracy and Paul DiSalvo to be the EPA leads for this session.

**Tuesday, 9/20/22**

**8:20-8:40am: Dicamba**

Hotze Wijnja, MA, Amy Brown, FL, Committee Members and EPA

- AAPCO Dicamba survey results and implications for next season
- Update from States
- Update from EPA and next steps

8/25 pre-meeting: Dan confirmed that RD will provide an update. The PRD team will also provide an update on the status of the registration review.

**9-9:15am: Pet collars and products**

Hotze Wijnja, MA, Amy Brown, FL and EPA

- Update from EPA
- Down-the-Drain exposure and ecological risk assessments

8/25 pre-meeting: We explained that EPA does not have an update at this time. The session will be dropped from the agenda.

**9:15-9:30 am: Chlorpyrifos and other OPs with tolerance revocations**

Hotze Wijnja, MA, Amy Brown, FL and EPA

- EPA to provide update on issue, guidance, and next steps
- Chlorpyrifos lessons learned – How does this effect the new revocations

8/25 pre-meeting: The PRD chlorpyrifos team will provide an update. The SFIREG leadership also asked for a brief explanation for the participants of the 7/12 FR notice requesting public comment on the NGO petition to revoke all OP tolerances. The SFIREG leadership thinks there is confusion regarding the purpose of this notice and concern that all OPs will follow the same path as chlorpyrifos. We asked to have the title of the session changed.

**9:30-9:45am: Registration Review schedule**

Hotze Wijnja, MA, Amy Brown, FL, Sarah Cafferty, IN and Mary Tomlinson, ME

- SFIREG-JWC organizing reviews among committee members update
- CLA workgroup update

8/18 OPP pre-meeting: EPA not expected to participate in the session. EPA can listen in.

I would think not. At the last SFIREG meeting (in person), it was made clear that SFIREG would make ‘virtual/call-in’ exceptions for presenters, but not attendees. I’m not sure if that’s changed or yet evolving. I’ll reach out to Emily Ryan in OCSPP/MSD/ICRB to see what’s being coordinated, if anything. I intended this as an FYI (to know what the state topics of interest are...)
